Annual Report to the Association of Waldorf Schools of North America 2006-2007

Introduction

The Center for Anthroposophy (CfA) was founded in 1989 as New England Waldorf Teacher Training (NEWTT) with the mission of assisting Antioch New England Graduate School meet the rapidly growing need for trained Waldorf teachers in North America by co-sponsoring the Waldorf Program at Antioch's Department of Education. In 1996 the NEWTT Council decided to expand the scope of its work and the Center for Anthroposophy was launched. The Center now focuses on the full cycle of adult and teacher development, education, and renewal through foundation studies, teacher education (now spanning early childhood through high school), career mentorship, and professional development programs such as Pedagogical Eurythmy, Collaborative Leadership, and Renewal Courses. Our periodically updated web site now includes changes in faculty, descriptions of new courses, and details of the forthcoming round of "Renewal Courses".

The Center, whose offices are located on the campus of High Mowing School in Wilton NH, this year moved into a new suite of three adjacent rooms above the school library. The office is also home to the administrative hub of the Research Institute for Waldorf Education (RIWE).

Center for Anthroposophy Council
